Web developer in search of a career with a passion for completing meaningful projects

PROJECTS

Audify
📅 January 2024 – April 2024

- Worked on an album review application using ReactJS with 4 other project members.
- Participated in bi-weekly scrum meetings and collaborated on a project backlog.
- Developed the database using Google's Firestore.
- Worked collaboratively on the back-end to allow for user authentication.

Recipe Scout
📅 April 2024

- Recipe search application built using ReactJS and SCSS.
- Compartmentalized application elements by integrating them as components.
- Organized code by functionality to improve readability.
- Implemented a back-end using Google's Firestore database.

Style and Shine
📅 January 2024

- A static website for my friend's dog grooming business.
- Used Bootstrap to keep layout optimized for mobile users.
- Hosted on Vercel using GoDaddy's DNS.

WORK EXPERIENCE

Sales Teammate
Under Armour
📅 November 2021 - Present

- Focus on teamwork and collaboration to reach sales goals.
- Assembling ship from store orders with accuracy and speed.
- Assist customers with product knowledge.
